

**PATENT APPLICATION****Remarks**

The amendment to the first paragraph of the specification is to remove reference to a prior application which no longer qualifies as a priority document, due to previous amendments to the claims and to change of inventorship paperwork recently filed with the USPTO on October 15, 2001. Accordingly, the amendment does not raise any new matter issues.

The Commissioner is hereby authorized to charge any fees which may be required or credit any overpayment to Deposit Account No. 01-0519 in the name of Amgen Inc.
